# APOGEE

HOW TO CONNECT – NEW USER
(Please see Existing User Instructions on page 2)

1. **ACCESS THE SOUTHWESTERN BAPTIST THEOLOGICAL SEMINARY PORTAL WITH A PHONE OR LAPTOP**
   a. Navigate to your device wireless settings and click on "MyResNet Start Here" SSID
   b. This will auto direct you to the SWBTS portal and auto grab your device MAC address

2. **CREATE A NEW ACCOUNT**
   a. Click "Sign In" on the Main Page and Use your SWBTS school credentials
   b. Create your account in 3 simple steps
   c. A pop up appears with your next steps (this is also sent to your school email):

   d. Save the email as it contains your Unique passcode for your account. You will use that same passcode to add any other devices to your account.
   e. Go back and **forget** the "MyResNet Start Here" SSID on your device

3. **CONNECT YOUR OTHER DEVICES TO THE NETWORK**
   a. Navigate to the wireless settings on each device
   b. Click MyResNet (5G or 2G – Always use 5G if its available)
   c. Enter your WiFi password to join the network (from step 2c above)
   d. Click within the MyResNet 5G SSID to enable the "auto-join" feature

If you need to access your account at any time, visit http://swbts.apogee.us and sign in as an existing user.

HELP: If you need any help, a support representative is available 24 hours a day to assist you.
